**HINDU UNIVERSITY
OF AMERICA**

Mission

The Hindu University of America provides education in knowledge systems based in Hindu thought involving critical inquiry, ethics, and self-reflection.

Committed to fostering the culture and traditions of Hindu Dharma in an atmosphere of academic excellence and freedom, it prepares students for service, leadership, and global engagement.

Vision

Promoting dialogue across disciplines, cultures and civilizations, while enabling self-discovery, conscious evolution and harmony, the Hindu University of America will set the standard for the study of Hindu Dharma.

Why Hindu University of America?

For two centuries now, narratives about Hindu culture and the Hindu people have been mostly driven by Orientalist and Euro-centric frameworks, propagated by Non-Hindus.

Textbooks and media depictions often use outdated, archaic and even racist tropes to define Hinduism.

A great majority of Hindus today are alienated and disconnected from their cultural roots. Non-Hindus are also led towards distorted and caricatured views.

Hindu University of America is an institution of higher learning, teaching, reflection and research based in the knowledge systems rooted in and emerging from Hindu thought, where you will find a welcoming, global community of learners led by passionate faculty.
